

Bring the Conversation to Your Community

We want to help you **ENGAGE** in outreach with your community of churches. Here are some ideas on how we can do that together:

- Let's do a joint mailing to your network of churches
 - We will provide you with information on RFK that you can pass on to your existing network.
- Hold a local meeting in your area
 - Gather a group of interested churches together and we will send a representative to speak to them about Royal Family KIDS and how to start a camp.
- Connect us with those churches you have had conversations with and determined would like to learn more.

I look forward to hearing from you!
